revive's virtual care clinic services.

Seamless, high-quality healthcare — whenever your employees need it. Revive's virtual care clinic reduces costs, boosts productivity, and keeps your workforce healthier.

Urgent Care

Provide **24/7 on-demand urgent care** to your workforce, reducing costly ER and urgent care visits. Employees can **connect with a doctor in minutes** for quick diagnoses, treatment, and prescriptions, ensuring faster recovery and minimal time away from work.

Primary Care

Improve employee health outcomes with **personalized, ongoing virtual primary care**. Employees can **schedule visits within 1-3 days** with a dedicated provider, leading to fewer chronic disease complications, lower claims costs, and a healthier, more engaged workforce.

Mental Health

Support employee well-being with round-the-clock, barrier-free mental health care. Access to **master's-level clinicians, AI coaching, and virtual counseling** reduces absenteeism, improves focus, and lowers stress, strengthening your organization from the inside out.

Pharmacy

Reduce healthcare spend by offering **free home delivery of 1,000+ commonly prescribed medications**, eliminating cost barriers that lead to medication non-adherence. Employees also gain access to **no-cost urgent care medications at over 70,000 retail locations**, ensuring they get the treatment they need without impacting productivity.
Members on HDHPs have access to over 500 preventative meds available for free home delivery.

Weight Health

Empower employees to achieve sustainable weight health with **clinically backed weight loss medications and one-on-one coaching**. A healthier workforce means fewer long-term health risks, lower medical claims, and improved overall productivity.

All members gain complimentary access to the FitOn PRO platform, ensuring fitness and wellness content anytime, anywhere.
