virtual dermatology.

Precision skin care, without the wait.

Accessing a dermatologist shouldn't take months, require a referral, nor demand time off work. Revive's Virtual Dermatology, powered by Telemed2U, eliminates this friction. Your employees get fast, direct access to board-certified dermatologists from anywhere in the U.S., **typically within just a few days.**

COMMON CONDITIONS WE TREAT

Over 3,000 skin, hair, and nail conditions, including:

- Acne, eczema, and psoriasis
- Hair loss and scalp issues
- Skin infections and rashes
- Suspicious moles and skin cancer screenings
- Rosacea, hives, and vitiligo
- Nail disorders and fungal infections
- Hyperpigmentation and melasma
- Warts, cysts, and more

Whether cosmetic or clinical, our dermatologists deliver answers and treatments fast.

Why choose Revive's virtual dermatology?

Free, Expert Skin Care
Employees access board-certified dermatologists at no cost, encouraging early treatment and reducing long-term medical expenses.

Timely Consultations
Appointments are typically available in under 15 days, helping employees address skin concerns quickly and confidently.

Seamless Integration
Dermatology is embedded into your Revive virtual care clinic, meaning no extra logins or fragmented systems.
