revive

Care the moment they need it.

Your plan's most expensive hours.

Urgent care and the ER are where your plan's money goes when nothing else is open. Revive gives your people a provider in minutes, at no cost, so the high-cost claims stop being the default.

revive

The cheapest urgent care visit is the one that happens on a phone.

A Revive visit is already covered by what you're paying PEPM, so it costs your plan nothing incremental.

Nights, weekends, holidays, and everything in between.

01
Reduce Healthcare Spend

Redirect non-emergency visits away from costly ER and in-person urgent care visits billed through the plan, lowering claims and healthcare spend.

02
Boost Employee Satisfaction & Retention

Employees are seen within minutes, at $0 cost to them. Video or phone, whichever they can manage.

03
Care at Your Employees' Convenience

Employees can speak with a provider within minutes, avoiding long, inconvenient wait times.

Give your people somewhere better to go first.

Every time an employee reaches for Revive first, that's a claim your plan doesn't see.
