revive

A better approach to weight health.

GLP-1 coverage alone isn't a weight health strategy.

A comprehensive weight health solution combining clinical care, medications, coaching, nutrition and movement support, designed to improve outcomes while helping employers better manage cost.

$568
NET PLAN SAVINGS PER MEMBER

Lasting outcomes start with real support.

Multiple treatment pathways: GLP-1, non-GLP-1, and non-systemic options.

1.5%
HbA1c improvement in 3 months*

10 lbs
Average monthy weight loss*

2.7X
Plan return on total spending

Everything they need. One connected program.

- Clinical Care
- Medications

- Fitness Programs

Put better weight health support in your employees' pockets.

REVIVEHEALTH.AI

revive

More than medication.
A complete approach to weight health.

Revive helps employers manage the entire weight health journey, not just the prescription, in one connected experience.

Medication + Physicians + Coaching + Labs + Lifestyle

Built to last longer than the prescription.

01
The right treatment, not the most expensive.

Personalized care without defaulting to a GLP-1.

02
Comprehensive whole-person care.

Clinical care, coaching, nutrition and movement, all in one.

03
Built for long-term outcomes.

Ongoing support builds healthier behaviors that last.

04
Cost Reduction and Predictability

Clinical oversight gives employers more control over costs.

Take control of weight health and GLP-1 spend.

Give employees personalized support to get healthier while giving you a smarter way to manage cost.

See what Revive can do.
