Prescriptions with Revive

Getting started

Your prescriptions are covered. Here's everything you need to get started.

You have access to over 1,000 generic maintenance medications delivered to your home, plus over 70 of the most commonly prescribed urgent care medications—at no cost to you.

First, let's ensure your medication is covered. To use the medication search tool, log in to the Revive Member Portal, then navigate to the Medications tile.

Refilling a Medication

If Revive is currently filling your medication and you have refills left, you can submit a refill request in the Member Portal.

1. Select the **Medication** tile in the Member Portal > > > Refill Request
2. Complete the required fields.
3. You will receive a text and email confirmation when your order has been received.

Medication Shipments

Your medications arrive in plain, unmarked packaging because what you take is your business.
