# urgent care

## The Virtual Urgent Care provides employees with fast, high-quality medical care anytime, anywhere in the U.S.

Virtual Urgent Care works alongside your major medical plan to offer employees quick access to care in an easy-to-navigate platform. Virtual urgent care promotes prompt treatment and peace of mind, empowering employees to manage their health efficiently while reducing strain on traditional healthcare resources.

### Service Highlights

- **An exclusive network of expert providers delivering** top-tier care while reducing reliance on claims-based care delivery.
- **24/7 access nationwide** allows employees to consult with providers at any time, from anywhere in the U.S.
- **Consultations occur within minutes,** resolving urgent, non-life-threatening health concerns swiftly.
- **No out-of-pocket costs** encourages employees to engage in urgent care without worrying about financial strain.

**Reduce Healthcare Spend**

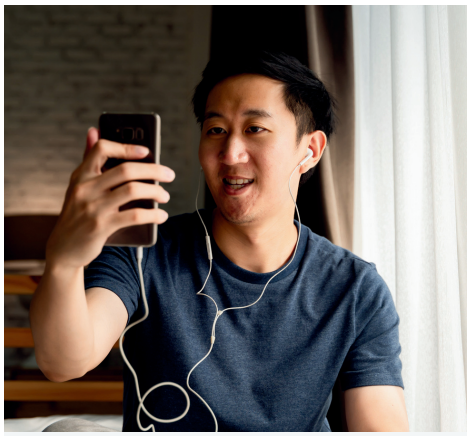

Redirect non-emergency visits away from costly ER and in-person urgent care visits billed through the plan, lowering claims and healthcare spend.

**Boost Employee Satisfaction & Retention**

No out-of-pocket costs, no hassle, and 24/7 access from anywhere in the U.S., providing a benefit that employees actually use and appreciate.

**Care at Your Employees' Convenience**

Employees can speak with a provider within minutes, avoiding long, inconvenient wait times.

### URGENT CARE ROI

Virtual Urgent Care saves employers **$502 per diverted ER or urgent care visit,** with utilization of 40 to 50% across your population.
